

Zodiac Aerospace Services and SECAMIC sign long-term agreement for emergency flotation system repairs in Brazil

Santiago, March 29, 2016 – Zodiac Aerospace Services is proud to announce that it has entered an agreement with SECAMIC to jointly develop helicopter MRO and product service in Latin America. As per the terms of the agreement, SECAMIC will distribute Zodiac Aerospace helicopter and military products in Latin America. SECAMIC will also provide comprehensive emergency flotation systems MRO services for Zodiac Aerospace helicopter products.

The repair facility will be located in Rio de Janeiro and shall open during the second half of 2016, combining SECAMIC's deep understanding of local operators' needs and Zodiac Aerospace Services technical expertise. Zodiac Aerospace Services and SECAMIC already enjoy strong relationships with a number of operators in Latin America and look forward to providing expanded support to existing and new customers.

Zodiac Aerospace Services commits to provide SECAMIC with intensive support, trainings and a reliable and continuous supply of spare parts to operate under best quality standards. This will enable SECAMIC to perform competitive emergency floatation system repairs with a very short TAT following rigorous and sophisticated control procedures approved by Zodiac Aerospace.

To learn more about this agreement and the opening by SECAMIC of this repair workshop, come and visit us at SECAMIC booth (#37, Pavilion B) during the FIDAE event (Santiago, Mar29-Apr3, 2016).

About Zodiac Aerospace and Zodiac Aerospace Services

Zodiac Aerospace is a world leader in aerospace equipment and systems for commercial, regional and business aircraft and for helicopters and spacecraft. It develops and manufactures state-of-the-art solutions to improve comfort and wellbeing on board aircraft, and high-technology systems to increase aircraft performance and flight safety. Zodiac Aerospace has 35,000 employees worldwide and generated revenue of €4.9bn in 2014/2015.

Zodiac Aerospace Services is the dedicated aftermarket and services organization of the Zodiac Aerospace Group. Committed to deliver the best performance and services, Zodiac Aerospace Services offers a global distribution network of spare parts and components, maintenance of equipment manufactured by the Zodiac Aerospace Group, customized support services for airline operators and dedicated technical support. Based in the United States, in Europe, in the Middle East, in Asia and in Australia, Zodiac Aerospace Services provides 24/7 AOG spare services to airlines and operators in the world.

About SECAMIC

For over 30 years, SECAMIC provides spare parts and repair solutions in more than 22 countries with a recognized efficiency and is known as one of the leading French Companies delivering aircraft and helicopters spare parts on the export market. Acting on behalf of most French OEM and thanks to representative agreements such as Zodiac Aerospace Services, SECAMIC can provide a global service for all aircraft and helicopters of French origin operated all over the world.

More specifically, through its subsidiaries (France, Brazil, Chile and United Arab Emirates) SECAMIC provides logistic assistance over South America, Middle East, Indian subcontinent and Asia as well as in some European countries. SEREP, his subsidiary in France, is specialized in the design, implementation and maintenance of various devices using high pressure gas or operated by pneumatic energy.

Due to the diversity of its customers and the urgency of numerous logistic requests, SECAMIC has developed effective procedures to deliver spare parts, if there are in stock, in less than 24 hours.
